STATE TROOPS CONTEST

Proceedings and Recommendations of Board Which Had Matter in Charge Approved by War Secretary and Made Public.

(By Associated Press.) WASHINGTON, April 22.-Secretary Moot to-day approved the proceedings of the board appointed to prepare tests of national rifle markmanship.

The national match is to be shot on September 8th and 9th, 1903 at Beagirt, N. J., and will be open to teams of twelve men from the following:

The army of the United States, team from the troops stationed within each of the military departments; the United States navy, the United States marine corps, the National Guard, and uniformed militia of the several States and Territories, including the District of Columbia (one from each State or Terri-

Columbia (one from each State or Territory).

The prizes are to be: First, the team making the highest aggregate total in two days' contest, "the national trophy" (authorized by act of Congress); to be competed for annually, \$1,000; and cash \$200; second, the team making the second highest total, "the Hilton trophy," and cash \$300; third, the team making the third highest total, the bronze "soldler of Marathon," presented by the commander-in-chief of the State of New York, and cash \$200; fourth, the team making the fourth highest, cash \$150; fifth highest, \$100; sixth highest, \$300. Also a medal to each member of each winning team.

Among the recommendations of the board are:

Among the recommendations of the board are:

That the National Guard and militia be invited to shoot in department competition with the regular troops each year for the same prizes for which the regular army shoot, and that the men of the National Guard and militia sent to these competitions be taken from the States in the geographical limits of the department where the competitions are held.

That the National Guard of the several States be permitted to use United States government rifle ranges for target practice at such dates as may not interfere with their use by the army and marine corps.

corps.
That the contest for the national trophy in 1904 shall be at some rifle range in the

Middle West.

That every facility should be offered clizens outside of the army and organized militia to become proficient in rifle shooting, and that this purpose can best be accomplished by means of rifle clubs.

This board gives its hearty approval and endorsement to the sending of a military team to Bisley to compete for the foreign trophies and urges on the patriotic citizens of this country to give it their financial support.

MANUFACTURERS' MEET'G

Remedy for Decreasing the Number of Spindles, Says Lieut.-Gov. Guild, Lies in Crusade Against Child Labor and Long Hours.

BOSTON, MASS., April 22 .- In an address of welcome to-day to the delegates to the annual meeting of the New England Cotton Manufacturers' Association ton manufacturing in New England and made comparisons between the industry in that section and in the South. He deciared that in spite of competition, New England held the sceptre of cotton manufacture in this country, and called attention to the facts which, he said, indicated one grave cause of unrest in this particular industry.

He quoted figures showing the increase in the country from 1890 to 1902, and said it was idle to deny the fact that the whole of the building will before many months be desired by the Federal Government. It is infimated in some quarters that the department will move to ther quarters.

While there has been no authoritative statement to that effect, it is believed that the whole of the building will before many months be desired by the Federal Government. It is intimated in some quarters that the department will move other offices to this city and locate them in the newly-acquired structure.

The postoffice will probably occupy the Main-Street floor of the building by as for operating about a third as many spindles, and said:

Advertising Matter.

With a view to hauling as many people as possible from Richmond and Virginia to the reunion of the United Confederate Veterans at New Orleans next month the Southern Railway, through District Passenger Agent C. W. Westbury, is flooding this section with some exceedingly attractive advertising matter. Many folders, handers and dodgers are being sent out, all of which contain valuable information as to rates and schedules between Richmond and New Orleans.

As is well known, the railroads will charge a rate of only one cent per mile travel for the trip, and it is expected thousands will take advantage of the excellent opportunity of seeing the Southland and the Croscent City.

The Richmond delegation will travel over the Southern to Atlanta, where they will take the West Polit, route to Montregomery. From this city they will travel into New Orleans via Mobile over the line of the Louisville and Nashville.

The Measure Sure to Receive at Least Twenty-three of the Votes.

Of the Votes.

The bill appropriating \$200,000 to the Jamestown Exposition Company, which has passed the House of Delegates, will to-day be passed by the Benate and will then go to the Governor for his approval. The measure has been set as a special order for 12:16 P. M. to-day and will consume little time. The fight on the bill is over. To-day it will pass by not less than 23 affirmative votes. It is now too late to amend and it is not anticipated that more than a formal protest will be made against the bill by its opponents.

The friends of the exposition movement are gathering here to be present at the consummation of their long and earnest efforts and a large delegation will be on hand to-day. General Fitzhugh Lee, president of the company; Director-General D. Lowenburg and Becretary Gwynn T. Shepperd are already in the city, as are many other friends of the exposition movement.

T. Shepperd are already in the city, as are many other friends of the exposition movement.

Here are the senators who are counted upon to vote for the bill to-day when it comes up on its passage; Messrs, Anderson, Bryant, Barksdale, Claytor, Cromwell, Dinwiddle, Donohoe, Garrett, Halsoy, Hobbs, Lyle, Mann, Massis, McIlwaine, Moon, Opie, Sale, Sears, Shackelford Shands and Tyler. Messrs, Wallace, Cogbill, Watkins, Hutcheson, Harman and Walker are not classified, but several of them are believed to favor the bill. Those known to be opposed to the measure are Messrs. Wickham, Keezell, Lupton, Harvey, Bruce and Chapman, The advocates of the bill count of getting at least 23 votes and the total may reach 25. Mr. Wallace voted against the first Wickham amendment and it is expected that he will vote for the bill when it comes up on its passage. Mr. Watkins, too, voted against the second Wickham amendment and it is hoped that he too will to-day vote the bill.

If the bill is passed the appropriation will not become available until the Jamestown Exposition Company has raised a million dollars. Only \$50,000 will be available in 1904, the remaining three-fourths of the total being available after that time. The State's interests are regarded as fully safeguarded in the exposition bill and in the bill, chartering the company.
